**EVERGREEN NEWS**  
Well, we have been having some rainy weather again. The health of the community is not so good as it was some time ago.  
Mr. and Mrs. Bob Harrel and children, Frank and Hazel, and Mrs. J. B. Harrel, were in Elba Saturday night.  
Miss Carrie Vaughn has returned from Montgomery, where she spent several days with relatives.  
Mrs. J. H. Arnold was a guest of Mr. and Mrs. W. P. Cooper in Brantley Tuesday and Wednesday.  
Mr. Grady Rhodes returned to Pensacola, Fla., Monday, where he is stationed with the U. S. Navy. Very commendable reports of his naval career have been heard by his Elba friends, who wish for him continued success.  
His mother, Mrs. Altha Rhodes, returned to Pensacola with him for an extended visit.  
Mr. and Mrs. Harris Winston of Pensacola, Fla., and Mr. and Mrs. J. W. English and little daughter, Carolyn, left the first of the week for Stuart, Fla., where they will visit Mrs. Winston's and Mrs. English's parents, Mr. and Mrs. P. J. Ham.  
During the summer and fall of 1930 Frank and Hazel, members of J. H. Club in the 40 cents having home demonstration agents, composed a large number of food products despite the drought situation.  
The Mississippi Experiment Station conducted an experiment which discovered that the average yield of corn on land planted to corn, and only 1-4 of a ton on ground planted to soybeans.  
Thinking works on a different principle, it has a different action—it relieves the irritation and soothes the internal cause. It is pleasant, gentle and easy to take—no tastering. Ask your doctor for it. It is sold in 5c, 6c, and \$1.00 bottles. If you are not satisfied your money will be refunded.  
Sold by  
**ELBA DRUG COMPANY**  
and all other good drug stores.

**NEW BROCKTON NEWS**  
We wish to announce that our B. Y. P. U. has changed from what was formerly the B. Y. P. U. to the B. Y. P. U. on every Sunday night to every first and third Sunday night each month.  
The following program was scheduled—A Success in Christian Living.  
Three Songs by Congregation.  
Prayer.  
Introduction by Miss Leona Parrish.  
A Preacher's Boy—Basil Crook and Mrs. J. W. English, Mr. and Mrs. J. O. English, Mr. and Mrs. D. C. Marley were among the Elba people who attended the funeral of Judge J. M. Loflin in Enterprise Sunday afternoon.  
Served luncheon—Marion Kelley, Song—Crock Bros. Vocal Quartet.  
Followed the Blueprint—Lohman Madsen.

**EVERGREEN NEWS**  
Well, we have been having some rainy weather again. The health of the community is not so good as it was some time ago.  
Mr. and Mrs. Bob Harrel and children, Frank and Hazel, and Mrs. J. B. Harrel, were in Elba Saturday night.  
Miss Carrie Vaughn has returned from Montgomery, where she spent several days with relatives.  
Mrs. J. H. Arnold was a guest of Mr. and Mrs. W. P. Cooper in Brantley Tuesday and Wednesday.  
Mr. Grady Rhodes returned to Pensacola, Fla., Monday, where he is stationed with the U. S. Navy. Very commendable reports of his naval career have been heard by his Elba friends, who wish for him continued success.  
His mother, Mrs. Altha Rhodes, returned to Pensacola with him for an extended visit.  
Mr. and Mrs. Harris Winston of Pensacola, Fla., and Mr. and Mrs. J. W. English and little daughter, Carolyn, left the first of the week for Stuart, Fla., where they will visit Mrs. Winston's and Mrs. English's parents, Mr. and Mrs. P. J. Ham.  
During the summer and fall of 1930 Frank and Hazel, members of J. H. Club in the 40 cents having home demonstration agents, composed a large number of food products despite the drought situation.  
The Mississippi Experiment Station conducted an experiment which discovered that the average yield of corn on land planted to corn, and only 1-4 of a ton on ground planted to soybeans.  
Thinking works on a different principle, it has a different action—it relieves the irritation and soothes the internal cause. It is pleasant, gentle and easy to take—no tastering. Ask your doctor for it. It is sold in 5c, 6c, and \$1.00 bottles. If you are not satisfied your money will be refunded.  
Sold by

Joiners are doing their bit in aid of the fire prevention movement.

Optimism should revive with the advent of the new Spring seed catalogues.

An encouraging market trend is seen in the high price of New York judgments.

Anyway, the Farm Bureau has discovered that if farmers raised less it would bring more.

Perhaps, after all, President Hoover's Senate foes are his greatest political asset.

School girls may not have a special aptitude for history, but they can usually remember dates.

Drought relief money will soon be available, but not for those who merely have a chronic thirst.

The deceased president of Peru is said to have been an insurance man. The people evidently didn't like his policies.

Whatever other sorrows Eve suffered, she was never tortured by Adam's reference to his mother's cooking.

Correct this sentence: "I don't like this bill," said Senator Norris, "but I wouldn't embarrass my party by opposing it."

An astronomer asserts that the universe is not as large as was formerly thought. Sharing in the general delusion, probably.

Austria is said to be considering the adoption of a triple marriage. We extend our sympathy if that means two Senates.

PLEASE DON'T READ THIS STORY

"Why is it? A man wakes up in the morning after sleeping under an advertised blanket on an advertised mattress and pulls off an advertised pajama; takes a bath with an advertised tub; shaves with an advertised razor; powders his face with advertised powder; dons advertised underwear, shoes, shirt, collar, shoes, suit, handkerchief; sits down to a breakfast of advertised cereal; drinks a cup of advertised coffee; puts on an advertised hat, lights an advertised cigar; rises to his office in an advertised auto on advertised tires; then he refuses to advertise on the ground that advertising doesn't pay. If your business isn't good enough to advertise—advertise it for sale!"—N. F. A. Bulletin.

KILLING THE GOOSE

It may be some satisfaction to a certain type of radical legislator and industrial reformer that the great Seaboard railway system has been forced into a receivership. But to many wage earners it is a source of regret that the system is in the hands of a receiver.

Under provisions of the Registration Laws of the State of Alabama and a resolution passed by the Commissioners Court of Coffee County, the Board of Registrars will be in session at the following places and times for the registration of all persons who are qualified to register:

Kinston—Monday, Jan. 26, 1931.

New Brockton—Tuesday, Jan. 27, 1931.

Enterprise—Four days, Wednesday, Thursday, Friday, Saturday, Jan. 28, 29, 30 and 31, 1931.

Elba—Four days, Monday, Tuesday, Wednesday, Thursday, February 2, 3, 4 and 5, 1931.

All applicants for registration are urged to meet the board promptly on the dates and at the places set out above.

BOARD OF REGISTRARS  
Of Coffee County.

When I was just a girl at home," writes Mrs. B. F. Riggs, of Harts, Texas, "I took Cardui for cramping and pains in my side and back, and it helped me at that time."

"After I was married, I found myself in a weak, run-down condition. I suffered a great deal with my back, which was so weak it hurt me to get up or when I would stand on my feet. I fell off in weight."

"A friend of mine, seeing how bad I felt, advised me to take Cardui, which I did. By the time I had taken two bottles, I felt stronger and better than I had in a long time."

CARDUI  
Helps  
Women to Health

Take Cardui's Black-Brand for Constipation, Indigestion, and Bloating.

When PAIN Comes

WHAT many people call indigestion is often very often means excess acid in the stomach. The stomach never has been overstimulated and food sour. The corrective is an alkali, which neutralizes the acids instantly. And the best alkali known to medical science is Phillips Milk of Magnesia.

One spoonful of this harmless, tasteless alkali in water neutralizes instantly many times that much acid. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for 50 years in treating excess acids. 25c and 50c a bottle—a real drugstore.

through the competition of automobiles, buses, trucks and airplanes, a situation has been created which makes it increasingly difficult for the railways to meet operating expenses and maintain efficient service. The disposition to increase their burdens by further adverse legislation will, if persisted in, inevitably cause a partial or complete breakdown of the nation's splendid railway structure.

Federal, state and local governments are clamoring for more and more tax money with which to meet their mounting expenditures. This tax money must come from solvent enterprises, not from those which are bankrupt or in a receiver's hands. As a recent writer aptly says:

"For the sake at least of our public revenues, let our governors and legislators and bureaucrats and all our host of material and spiritual pastors and masters give the hand-pressed agencies of commerce and manufacture a much needed opportunity to attend unhindered to their own business for a while, and see if they can not improve their own condition and that of the whole country at the same time."

In the present economic crisis the harassment of business and industry through oppressive taxation and regulation is another way of "killing the goose that lays the golden egg."

MASSACHUSETTS OBJECTS

We read that educational leaders in Massachusetts have at this late day discovered that the use of the abbreviation, "Mass.," is detrimental to the dignity of their state, and have begun a movement for its suppression. They want the name spelled out in full in all cases.

But if Massachusetts feels slighted by the use of only four letters, other states have even more cause for complaint. Consider Ohio, which is usually represented by only one, "O."

And the "O" might possibly be mistaken for a zero, thus adding insult to injury.

The question raised calls to mind the interesting fact that the name of every state has been commonly abbreviated except that of

Utah, possibly because "Ut." in handwriting might be confused with "Vt.," while "Uh." would suggest an unpleasant sound.

We doubt that the objection of the Massachusetts professors is well taken. Think how many barrels of ink have been saved by the employment of the abbreviated form, which saves nine letters each time it is written or printed, to say nothing of the economy of labor.

We recall one typewriter whose ideas would have pleased the Massachusetts professors, however. He, too, disliked abbreviations, and when he set up a musical article in which reference was made to Mozart's 12th Mass, he made it read "Mozart's 12th Massachusetts."

A SQUAW'S MONUMENT

When Sacajawea, a Shoshone Indian woman, aided the Lewis and Clark expedition by acting as a guide for the intrepid explorers of the Northwest in 1805, she never dreamed that her name would be perpetuated throughout ages to come.

But it will be so perpetuated through a recent action of the United States Geographic Board, which has just given the name Mount Sacajawea to a mountain more than 13,000 feet high, in the Washakie National Forest in Wyoming.

The grave of Sacajawea is nearby, in the Indian cemetery at Fort Washakie, and the headquarters of the remnant of the once powerful Shoshone tribe is in a village not far away.

While formal recognition of Sacajawea's valuable service has been delayed for a century and a quarter, it is good to know that at last she has been honored in such a fitting manner.

France plans to spend \$1,550,000 during 1931-32 for reconstruction of roads devastated in the World War.

STATE OF ALABAMA, COFFEE COUNTY.

I, J. A. Canley, Probate Judge for said County, hereby certify that the above is a true and correct list of all Pensioners who appeared on the Pension Roll of Coffee County on January 1st, 1931.

J. A. CANLEY,  
Judge of Probate.

MINUTES OF RHOADES 4-H CLUB GIRLS, JAN. 15, 1931

On the regular meeting day of the Rhoades 4-H Club girls they met at Rhoades school house and held a meeting as follows:

Club called to order by president. Roll was called and minutes read by the secretary. As the president turned the meeting over to the cooks, who were Arrie Davis, Evelyn Baker, Ruth Baker and Elnora Wallace, but she was not in school. Vera Bell Rhoades took her place. The cooks told what they were going to cook, and how the cooking title was on "Milk and Milk Dishes." Then the cooks began work. They worked hard and fast, as we were late beginning the meeting. It was not long before the cooks served the other club girls with, first, cream of to-

maté soup, second, soft custard, then last of all with hot cocoa. We then decided who had been the best cook of the day to be Cook No. 1 the next time, Evelyn Baker being selected, she appointing Lois Crabtree, Lois Patterson, Anna Lee Clark to help her next time. The bell rang and the cooks served three boys who had been so kind as to do some favors toward the girls 4-H Club. The bell rang and we were dismissed until next meeting day—February 19, 1931.

MINNIE RAY HATAWAY, Sec'y.  
EVELYN BAKER, President.

ORDER SETTING DAY FOR EXECUTORS SETTLEMENT

The State Of Alabama, Coffee County—Probate Court, Enterprise Division, Jan. 14th, 1931. In the Matter of the Estate of B. F. Prestwood, Deceased.

This day came B. R. Scotlers, Executor of the last will and testament of said deceased, and filed his account, vouchers, evidence, and statement for his final settlement of his said Executorship.

It is ordered that the 23rd day of February, 1931, be appointed a day on which to make such settlement, at which time all persons interested can appear and contest the said settlement if they think proper.

Witness my hand, this 14th day of January, 1931.

J. A. CANLEY,  
Judge of Probate.

NOTICE OF MORTGAGE SALE

Under and by virtue of a mortgage executed to the undersigned by E. G. Blair and wife, Callie, and recorded in Mortgage Record 1-2, page 92, in the office of the Judge of Probate of Coffee County, Alabama, I will proceed to sell, on the 2nd day of February, 1931, in front of the Court House door at Elba, Alabama, within the hours of legal sale, the following described real estate:

SW 1/4 of Section 7, Township 3, Range 10, S 1/2 of SW 1/4, NW 1/4, SE 1/4 of SE 1/4, of section 12, Township 3, Range 10, N 1/2 of SW 1/4, Section 19, N 1/2 of Range 10, NW 1/4 of SE 1/4, NW 1/4 of SE 1/4, and the SE 1/4 of section 12, Township 3, Range 10, containing in all 21.0 acres more or less.

Said sale will be made for cash for the purpose, first of paying of the mortgage indebtedness.

Witness this 1st day of January, 1931.

R. E. WILLIAMS, Mortgagee,  
BY SIMMONS & SIMMONS, Attorneys.  
J1-8-15-22.

NOTICE

State of Alabama, Coffee County, In Circuit Court, In Equity, B. L. Qualls, Complainant vs. Ruth Qualls, Respondent.

It being made to appear to the Register by complainant that defendant is a non-resident of Alabama and that her postoffice address is

100,000,000 Cubic Feet of Natural Gas a Day

Sidetracks 27,000 Cars of Alabama Coal and Coke a Year . . . . .

YOU can't read a chapter of Alabama history without immediately recognizing the important role which Alabama railroads have played in Alabama's past agricultural and industrial development. They are equally a major factor in our state's present welfare. Alabama coal and coke are normally the largest single source of revenue for Alabama railroads. Alabama's coal tonnage is normally about the same as that of the cotton crop of the entire South!

The Natural Gas line which runs thru Alabama from Louisiana has a capacity of one hundred million cubic feet of natural gas per day. This is the equivalent of about one million three hundred and fifty thousand tons of average Alabama coal or coke a year.

The transportation of this supply of Louisiana gas requires practically no labor after pipe lines are once laid. The transportation of its equivalent in coal or coke requires over 27,000 freight cars annually, gives employment to many railroad employees and produces gross revenues for the railroads of about \$1,700,000. This simple example illustrates the close relationship of coal and coke to the prosperity of the railroads. There is an equality close tie between the prosperity of the Coal and Coke industry and scores of other industries and businesses. Any damage to the coal and coke industry means damage to the railroads—damage to the farmer—damage to the State and yourself. To help bring back prosperity to Alabama—burn COAL or COKE!
